VOLUMES/BANDE XXI — XXV (1968 - 1972)  
JSACAT

# INDEX

to the

## JOURNAL OF THE SOUTH AFRICAN CHEMICAL INSTITUTE

VOLS. XXI-XXV (1968-1972)

### SUBJECT INDEX

#### A

- Acacia* gums, structural features of .. .. . 1972, XXV, 115
- Aceto- and benzoyl-acetanilide-boron trifluoride reaction products, spectra and structure of .. .. . 1968, XXI, 18
- Acetylacetonates, first transition period metal (II) .. .. . 1970, XXIII, 71
- Acetyl phosphate, an enzymatic optical method for the determination of nanomole quantities of .. .. . 1968, XXI, 105
- Acid hydrolysis of the polysaccharide gum exudate from *Brabeium stellatifolium* .. .. . 1971, XXIV, 103
- 2-Acylacetamidothiazoles, cyclisation of .. .. . 1969, XXII, 121
- 2-Acylacetamidothiazoles, preparation of .. .. . 1969, XXII, 121
- 2-Acyloxyketones, reaction of, with ammonium acetate .. .. . 1969, XXII, 158
- Adsorptive properties of cellulose acetate. Part III. Adsorption of phenols .. .. . 1968, XXI, 47
- Adsorptive properties of cellulose acetate. Part IV. Adsorption of aromatic alcohols, amines and dihydric phenols .. .. . 1969, XXII, 128
- Aflatoxins and their associated metabolites, some interesting relationships between the .. .. . 1969, XXII, S107
- Aflatoxins B<sub>1</sub>, G<sub>1</sub> and G<sub>2</sub>, the differential interaction of, with deoxyribonucleic acids from different sources .. .. . 1969, XXII, 80
- Alcohols: radiolysis and mass spectrum of aliphatic alcohols. Part II. 1-Butanol .. .. . 1970, XXIII, 154
- Aldrin, electro-reduction of dieldrin and .. .. . 1969, XXII, 57
- Aliphatic ethers, anodic oxidation of .. .. . 1970, XXIII, 200
- Alkali elements determined in sea water by atomic absorption spectrophotometry .. .. . 1971, XXIV, 96
- Alkaloids, minor, from *Sceletium strictum* L. Bol. The structure of N-demethylmesembrenol and N-demethylmesembranol .. .. . 1971, XXIV, 235
- Alkaloids of *Coelidium fourcadei* Compt. .. .. . 1968, XXI, 54
- Alpha particle scattering, the use of, for the qualitative analysis of elements in solution .. .. . 1969, XXII, 50
- Amines, aliphatic, molecular interpretation of the thermodynamics of some binary liquid mixtures containing .. .. . 1972, XXV, 53
- Aminoheterocycles, the reaction of, with reactive esters .. .. . 1969, XXII, 121
- Analytical technique—use of atomic absorption spectrophotometry in the determination of copper, zinc, iron, manganese, potassium, lithium and rubidium in sea water .. .. . 1971, XXIV, 96
- Anodic oxidation. The cleavage of aliphatic ethers .. .. . 1970, XXIII, 200
- 1-Apocamphyl hydrogen oxalate: reaction with mercuric oxide-bromine reagent .. .. . 1972, XXV, 80
- Application of the RRKM theory to the decomposition of methylenecyclobutane .. .. . 1970, XXIII, 172
- Application of X-ray fluorescence techniques to the determination of the noble metals .. .. . 1972, XXV, 297
- 3-Arylcarbamyl-2,6-diphenyl-pyrones from benzoylacetanilides and polyphosphoric acid .. .. . 1970, XXIII, 34
- Asparagus thunbergianus* Schult, isolation of tricyclenal and borneol from .. .. . 1971, XXIV, 87
- Aspergillus nidulans*, polyhydroxyanthraquinones from .. .. . 1970, XXIII, 40
- Aspergillus versicolor*, cyclic tetrapeptide from .. .. . 1969, XXII, S35
- Aspergillus versicolor*, polyhydroxyanthraquinones from .. .. . 1970, XXIII, 40
- Aspergillus versicolor*, toxic substances from .. .. . 1969, XXII, S35
- Atomic absorption sensitivity, enhancement of iridium .. .. . 1970, XXIII, 115
- Atomic absorption spectrophotometry, the determination of copper, zinc, iron, manganese, potassium, lithium and rubidium in sea water by .. .. . 1971, XXIV, 96

## B

- Bacterial toxins, the chemistry of the staphylococcal enterotoxins .. .. 1969, XXII, S99  
 Barium fluorochloride, free energy of formation of .. .. 1970, XXIII, 125  
 Benzo(a)pyrene, the determination of, in a retort house of the Johannesburg municipal gas works .. .. 1968, XXI, 76  
 2-(Benzofur-5-yl)-2-(*p*-hydroxyphenyl)propane, synthesis of .. .. 1970, XXIII, 1  
 Benzoic acid .. .. 1969, XXII, S28  
 Biosynthesis of necic acids .. .. 1970, XXIII, 13  
*Bipolaris* sp., polyhydroxyanthraquinones from .. .. 1970, XXIII, 40  
 Biuret, pyrolytic condensation products of .. .. 1972, XXV, 10  
 Biuret, uniformly radiolabelled <sup>14</sup>C, purification of .. .. 1972, XXV, 10  
 Borneol and tricyclenal from *Asparagus thunbergianus* Schult .. .. 1971, XXIV, 87  
*Brabeium stellatifolium* gum .. .. 1971, XXIV, 103  
 Bridgehead substitution of hydroxyl group by bromine .. .. 1972, XXV, 80  
 Bromine—mercuric oxide reagent: reactions with 1-apocamphyl hydrogen oxalate .. .. 1972, XXV, 80  
 1-Bromoapocamphane from 1-apocamphanol .. .. 1972, XXV, 80  
*p*-Bromophenacyl  $\alpha$ -hydroxy-isobutyrate, synthesis of .. .. 1971, XXIV, 1  
 Bufadienolide from *Homeria glauca* (Wood and Evans) N.E.Br. .. .. 1969, XXII, 186  
 Bufadienolides from Iridaceae .. .. 1969, XXII, S66  
 Bufadienolides of *Moraea polystachya* Ker and *M. graminicola* Oberm .. .. 1968, XXI, 33  
 1-Butanol: radiolysis and mass spectrum of aliphatic alcohols .. .. 1970, XXIII, 154

## C

- Carbon monoxide adsorption: carbonyl species adsorbed on nickel and cobalt metal surfaces .. .. 1970, XXIII, 136  
 Chemistry of uranium. Part V. Electronic spectral analysis of some six co-ordinated uranium(IV)—application .. .. 1972, XXV, 362  
 Cholesterol, solubilization of, by lecithin in aqueous ethanol .. .. 1968, XXI, 58  
 Chromatography, cation-exchange, selective separation of manganese by, in HCl-acetone .. .. 1971, XXIV, 27  
 Chromatography, cation exchange, separation of manganese from Mg, Be, Al, Ti, Li and other elements .. .. 1969, XXII, 29  
 Chromatography, column and molecular exclusion, used in the purification of radio-labelled biuret .. .. 1972, XXV, 10  
 Chromatography: effect of non-equilibrium on retention times in open tubes .. 1971, XXIV, 217  
 Cine-substitution and geometrical isomerism of 3-arylcyclopropane-1,2-dicarboxylic acids .. .. 1968, XXI, 144  
*Clostridium pasteurianum*, deoxyribonucleic acid from .. .. 1969, XXII, 80  
 Combined anion exchange: spectrographic procedure for the determination of trace amounts of Sm, Eu, Gd and Dy in thorium compounds obtained from monazite .. .. 1968, XXI, 127  
 Compounds, [<sup>14</sup>C], in biosynthetic studies, modified degradative procedures on .. 1969, XXII, 165  
 Condensation of molybdenum(VI) .. .. 1972, XXV, 338  
 Constituents of *Phyllogeston zeyheri*, some .. .. 1971, XXIV, 159  
 Co-ordination chemistry of divalent cobalt, nickel and copper. Part II. Electronic spectral analysis of some low symmetry copper(II) complexes .. 1971, XXIV, 163  
 Copper malonate complexes .. .. 1971, XXIV, 13  
*Cotyledon wallichii* Harv. (Kandelaarbos). II. die chemie van, Die isolering van 'n bufadienolied .. .. 1968, XXI, 89  
 Coumarin, 4,7,8-trihydroxy-, synthesis of .. .. 1968, XXI, 159  
 Coumestan, diborane reduction of .. .. 1968, XXI, 159  
 Coumestan, synthesis of .. .. 1968, XXI, 159  
 Crystal and molecular structure, the, of picolinic acid N-oxide .. .. 1971, XXIV, 186  
 Crystal structure and chemical bonding in the 1:4 rubidium iodide-thiourea complex .. .. 1968, XXI, 136  
 Cyclic nitrones, spectral studies on the oxidation of, by iron(III) chloride .. 1971, XXIV, 196  
 Cyclic nitrones, tautomerism in .. .. 1970, XXIII, 61  
 Cyclic tetrapeptide from *Aspergillus versicolor* .. .. 1969, XXII, S35  
 $\beta$ -Cyclopiazonate oxidocyclase from *Penicillium cyclopium* Westling. Purification and properties .. .. 1969, XXII, S9  
 Cyclopropane-1,2-dicarboxylic acids, 3-aryl, cine-substitution and geometrical isomerism of .. .. 1968, XXI, 144

## D

- Degradation of phenoxyalkanoic acid herbicides by soil micro-organisms .. 1969, XXII, S71  
 Deoxyribonucleic acid, from *Clostridium pasteurianum* .. .. 1969, XXII, 80

Deoxyribonucleic acid, isolation from <i>Brucella abortus</i> S <sub>19</sub> .. .. .	1968, XXI, 164
Deoxyribonucleic acid molecules, the relation between the sedimentation coefficient and molecular weight of .. .. .	1969, XXII, 132
Deoxyribonucleic acids, interaction with aflatoxins .. .. .	1969, XXII, 80
Determination of trace amounts of precious metals by X-ray fluorescence spectroscopy using a membrane filter .. .. .	1972, XXV, 285
3,3-Diarylpropionic acids, synthesis of .. .. .	1972, XXV, 31
<i>Dichapetalum cymosum</i> : fluoroacetate metabolism .. .. .	1972, XXV, 109
Dieldrin, electro-reduction of, and aldrin .. .. .	1969, XXII, 57
Dimerisation of molybdenum (VI) .. .. .	1972, XXV, 338
4,6-Dimethoxy-2-hydroxy-3- (3'-hydroxy-3'-methyl-2'-oxobutyl) -acetophenone from tachrosin .. .. .	1971, XXIV, 1
Dimethyl 4,6-dimethoxy-2-hydroxy-isophthalate, synthesis of .. .. .	1971, XXIV, 1
Dioksalatosink(II)-ioon, fotochemiese onaktiwiteit .. .. .	1969, XXII, 24
1,2-Diol mono-acetates, effect of ring size and configuration on photolytic cleavage reaction in presence of mercuric oxide-iodine reagent .. .. .	1971, XXIV, 126
Diphtheria toxin, chemical structure and biochemical action of .. .. .	1969, XXII, S125

## E

Electronic spectral analyses: some low symmetry copper(II) complexes .. .. .	1971, XXIV, 163
Electronic spectral analysis: some octahedral uranium(IV) halo complexes .. .. .	1972, XXV, 362
Electro-reduction of dieldrin and aldrin .. .. .	1969, XXII, 57
Enhancement of iridium atomic absorption sensitivity .. .. .	1970, XXIII, 115
Epoxidation, partial, of conjugated polyenes .. .. .	1970, XXIII, 105
Epoxides, polyenic, rearrangement of .. .. .	1970, XXIII, 105
1 $\alpha$ ,2 $\alpha$ -Epoxy-12 $\beta$ -hydroxyscillirosidine, from <i>Homeria glauca</i> (Wood and Evans) N.E.Br. .. .. .	1969, XXII, 186
Epoxy-resin, products of thermal degradation of .. .. .	1970, XXIII, 1
Ethylene polymerisation .. .. .	1972, XXV, 44

## F

Feist's other acid: a study of the bromination of <i>trans</i> -3-phenylcyclopropane- <i>cis</i> -1,2-dicarboxylic acid .. .. .	1968, XXI, 39
Ficifolinol .. .. .	1970, XXIII, 24
Fire-assay procedure using nickel sulphide as the collector for the noble metals, the development of a .. .. .	1972, XXV, 179
Flour protection against insects .. .. .	1969, XXII, S28
Fluid polymers .. .. .	1968, XXI, 174
Fluoroacetate metabolism .. .. .	1972, XXV, 109
Folinin .. .. .	1970, XXIII, 24
Folitenol .. .. .	1970, XXIII, 24
Food additives as insecticides .. .. .	1969, XXII, S28
Fotochemiese ontbinding van oksalaatioon .. .. .	1969, XXII, 19
Fotolisekinetika van die trioksalato-yster(III)-ioon in oplossing .. .. .	1969, XXII, 12
Fotolise van die opgeloste dioksalatokoper(II)-ioon, die reaksiemeganisme van .. .. .	1968, XXI, 113
Fotolise van dioksalatosink(II), teenstrydigheid in die, in oormaat oksalaat .. .. .	1969, XXII, 24
Fotolise van trioksalato-yster(III)-ioon .. .. .	1969, XXII, 12
Free energy of formation of barium fluorochloride .. .. .	1970, XXIII, 125
Fumigatoxin, a new toxin from a strain of <i>Aspergillus fumigatus</i> .. .. .	1969, XXII, S131

## G

Gamma spectrometry, non-destructive neutron activation analysis of six South African standard rock samples utilising high-resolution .. .. .	1971, XXIV, 113
Gamma spectrometry, the determination of Hf/Zr ratio in various South African zircons by means of high-resolution .. .. .	1969, XXII, 43
Gamma spectrometry, the determination of low <sup>235</sup> U/ <sup>238</sup> U ratios by activation analysis utilising high resolution .. .. .	1969, XXII, 1
Gel chromatography, of maize starch dextrans .. .. .	1971, XXIV, 177
Glow-discharge excitations .. .. .	1972, XXV, 103
Gold analysis .. .. .	1972, XXV, 103

## H

Hafnium, the determination of, Zr ratio in various South African zircons by means of high-resolution $\gamma$ -spectrometry .. .. .	1969, XXII, 43
Herbicides, phenoxyalkanoic acid, degradation by soil micro-organisms .. .. .	1969, XXII, S71

High polymerized deoxyribonucleic acid from <i>Brucella abortus</i> , an attempt to isolate .. .. .	1968, XXI, 164
High-resolution $\gamma$ -spectrometry, the determination of Hf/Zr ratio in various South African zircons by means of .. .. .	1969, XXII, 43
HMO-calculations for $\gamma$ -lactones .. .. .	1972, XXV, 70
<i>Homeria glauca</i> , a new toxic principle of .. .. .	1969, XXII, 186
Hydrazine. Part XII. $^1\text{H}$ -nmr spectroscopy of substituted iminium ions in dimethyl sulphoxide- $d_6$ .. .. .	1971, XXIV, 155
Hydrogen bonding between $\gamma$ -lactones and N-methylacetamide, 9-ethyladenine and 1-cyclohexyluracil .. .. .	1972, XXV, 321
Hydrolysis, of polysaccharide gum exudate from <i>Brabeium stellatifolium</i> .. .. .	1971, XXIV, 103
12-Hydroxy-daphnetoxin, the isolation of, a degradation product of a constituent of <i>Lasiosiphon burchellii</i> .. .. .	1971, XXIV, 241
Hydroxylamines: influence on lead sulphide formation .. .. .	1972, XXV, 60
Hypobromite reaction: decomposition of 1-apocamphyl oxalyl hypobromite .. .. .	1972, XXV, 80
Hypoiodite reaction: the reaction of 1,2-diol mono-acetates .. .. .	1971, XXIV, 126
Hypoiodite reaction: the reaction of mercuric oxide-iodide reagent with olefins .. .. .	1972, XXV, 144
Hypoiodite reaction: the stability and reactivity of mercuric oxide-iodine reagent .. .. .	1972, XXV, 328
Hypoiodite reaction: the temperature dependence of the intramolecular hydrogen abstraction process .. .. .	1969, XXII, 93
<b>I</b>	
Iminium ions, $^1\text{H}$ -nmr spectroscopy of .. .. .	1971, XXIV, 155
Infrared study of carbonyl species adsorbed on transition metal surfaces .. .. .	1970, XXIII, 136
Inorganic analytical chemistry .. .. .	1969, XXII, 29
Inorganic polymers .. .. .	1972, XXV, 92
Insect hormones and insect pheromones as possible agents for insect control .. .. .	1969, XXII, S41
Insect suppression .. .. .	1969, XXII, S28
Inter-element effects in the spectrometric analysis of gold by glow-discharge excitation, the elimination of .. .. .	1972, XXV, 103
Interferences encountered in the determination of the noble metals by atomic absorption spectrophotometry .. .. .	1972, XXV, 219
Iridium atomic absorption sensitivity, enhancement of .. .. .	1970, XXIII, 115
Isolation of a 33.6S deoxyribonucleic acid from <i>Clostridium pasteurianum</i> .. .. .	1969, XXII, 88
Isolation of tricylenal and borneol from <i>Asparagus thunbergianus</i> Schult .. .. .	1971, XXIV, 87
Isomerism, geometrical, of 3-aryl-cyclopropane-1,2-dicarboxylic acids .. .. .	1968, XXI, 144
<i>p</i> -Isopropenylphenol, synthesis of .. .. .	1970, XXIII, 1
Isotope effects in liquid diffusion .. .. .	1970, XXIII, 121
Isotope separation, combination of diffusion and convection for .. .. .	1968, XXI, 84
<b>K</b>	
Kaempferol, isolation of, from <i>Phyllogeiton zeyheri</i> .. .. .	1971, XXIV, 159
Kernmagnetisieresonansstudie van die trimetielfosfiet vs trimetilfosfaat vs fosforpentoksiedsisteem .. .. .	1969, XXII, 147
Kinetic and mechanistic studies on oxidations of cyclic nitrones and cyclic hydroxylamines by iron(III) chloride .. .. .	1972, XXV, 1
Kinetic study of the photochemical decomposition of the trimalonatoiron(III) ion .. .. .	1970, XXIII, 96
Kinetic study of the sensitised photochemical decomposition of copper malonate complexes .. .. .	1971, XXIV, 13
Kinetic study of the thermal and photochemical decomposition of the bismalonatodiaquomanganese(III) ion .. .. .	1970, XXIII, 85
Kinetic study of the thermal and photochemical decomposition of the trimalonatocobalt(III) ion .. .. .	1969, XXII, 175
Kinetics of trimalonatocobalt(III) .. .. .	1969, XXII, 175
Kinetiese ondersoek van die fotolise van die oksalaat-ioon in oplossing .. .. .	1969, XXII, 19
Kinetika van oksalaatioon-fotolise .. .. .	1969, XXII, 19
<b>L</b>	
$\gamma$ -Lactones, carboxyalkylation of purines by .. .. .	1971, XXIV, 91
$\gamma$ -Lactones, hydrogen bonding with purines, pyrimidines and the peptide bond .. .. .	1972, XXV, 321
Large amide ligands: complexes of uranium tetrahalides .. .. .	1971, XXIV, 149
Lead sulphide, photoconductivity of .. .. .	1972, XXV, 60
Lead sulphide, rate of layer formation of .. .. .	1972, XXV, 60
Ligand properties, influence of, on uranium tetrahalide complexes .. .. .	1971, XXIV, 149

Liquid ion exchangers, selective .. .. .	1970, XXIII, 129
Liquid mixtures, binary, containing aliphatic amines, molecular interpretation of the thermodynamics of .. .. .	1972, XXV, 53
Low symmetry copper(II) complexes: electronic spectral analysis .. .. .	1971, XXIV, 163

## M

Maesopsin, isolation of, from <i>Phyllogeiton zeyhevi</i> .. .. .	1971, XXIV, 159
Mass spectrometry: radiolysis applications .. .. .	1970, XXIII, 154
Mechanism of the thermal decomposition of methylenecyclobutane .. .. .	1970, XXIII, 163
<i>Melianthus comosus</i> Vahl., the chemistry of, Part IV. 6 $\beta$ -Acetoxymelianthugenin, a new toxic principle from the root-bark .. .. .	1970, XXIII, 146
<i>Melianthus comosus</i> Vahl., the chemistry of, Part III. The constitution of melianthugenin and melianthusigenin, new bufadienolides from the root-bark .. .. .	1969, XXII, 191
<i>Melianthus comosus</i> Vahl., The chemistry of, Part II. The isolation of hellebrigenin 3-acetate and other unidentified bufadienolides from the root-bark .. .. .	1968, XXI, 155
<i>Melianthus comosus</i> Vahl., chemistry of, Part V. Two novel bufadienolides from the root-bark .. .. .	1971, XXIV, 75
Mercuric oxide-iodine reagent .. .. .	1972, XXV, 328
Mercuric oxide-iodine reagent, photolysis of 1,2-diol monoacetates in presence of .. .. .	1971, XXIV, 126
Metabolic fate of fluoroacetate and acetate in <i>Dichapetalum Cymosum</i> and <i>Parinari capensis</i> , a preliminary evaluation of .. .. .	1972, XXV, 109
Metabolism and excretion of aflatoxin in some susceptible and resistant animal species .. .. .	1969, XXII, S56
Metabolism of substituted dinitrophenols and ureas in mammals and methods for the isolation and identification of metabolites .. .. .	1969, XXII, S79
Methods for the determination of osmium and ruthenium, review of .. .. .	1972, XXV, 311
Methyl 4,6-dimethoxy-3-(3'-hydroxy-3'-methyl-2'-oxobutyl)-salicylate from tachrosin .. .. .	1971, XXIV, 1
Methyl polyarsenite silicates .. .. .	1968, XXI, 174
Methylthiophosphates, molecular composition of .. .. .	1972, XXV, 92
Metielpolifosfate, die invloed van hidroksielgroep op .. .. .	1971, XXIV, 227
Metielpoliheterofosfate, die molekulere samestelling van die .. .. .	1969, XXII, 98
Metielpoliheterosilikate, die molekulere samestelling van die, I. Die metielpoliarsenielsilikate .. .. .	1968, XXI, 174
Micro-organisms, degradation of phenoxyalkanoic acid herbicides by .. .. .	1969, XXII, S71
Minor elements in sea water: determination by atomic absorption spectrophotometry .. .. .	1971, XXIV, 96
Molecular exclusion chromatography, use of, in the purification of radio-labelled biuret .. .. .	1972, XXV, 10
Molecular interpretation of the thermodynamics of some binary liquid mixtures containing aliphatic amines .. .. .	1972, XXV, 53
Molecular-weight distributions of maize starch dextrans .. .. .	1971, XXIV, 177
Molekulere samestelling van die metielpoliheterofosfate. Die metielpoliarsenielfosfate .. .. .	1968, XXI, 1
Molekulere samestelling van gekondenseerde metieltiofosfate .. .. .	1972, XXV, 92
Mycotoxins, the chemistry of some, containing the di-(or tetra-)hydrofurobenzofuran system .. .. .	1969, XXII, S89

## N

Near-equilibrium hypothesis in plate height calculations. .. .. .	1972, XXV, 140
<i>Neorautanenien edulis</i> C.A. Sm., the chemistry of. The constitution of (-)-2-isopentenyl-3-hydroxy-8,9-methylene-dioxypterocarpin, a new pterocarpin from the root-bark .. .. .	1971, XXIV, 56
<i>Neorautanenien ficifolia</i> .. .. .	1970, XXIII, 24
<i>Neorautanenien ficifolia</i> .. .. .	1968, XXI, 159
<i>Neorautanenien</i> isoflavonoids. Part IV. Ficifolinol, folitenol and folinin, three new pterocarpanes from the root-bark of <i>Neorautanenien ficifolia</i> (Benth. ex Harv.) .. .. .	1970, XXIII, 24
<i>Neorautanenien</i> isoflavonoids. Part III. 4-Methoxypterocarpin a new pterocarpin from <i>Neorautanenien ficifolia</i> (Benth. ex Harv.) C. A. Sm. .. .. .	1968, XXI, 159
<i>Neorautanenien</i> pterocarpanes. Pterocarpanoid constituents of the root-bark of <i>Neorautanenien edulis</i> C.A. Sm. .. .. .	1972, XXV, 25

Neorautanenia pterocarpan. The isolation and structure of edulenol, a new pterocarpan from <i>Neorautanenia edulis</i> C.A. Sm. . . . .	1972, XXV, 131
Neutron activation analysis, non-destructive, of six South African standard rock samples utilising high-resolution gamma spectrometry . . . . .	1971, XXIV, 113
Neutron activation analysis, the determination of low $^{235}\text{U}/^{238}\text{U}$ ratios by utilising high resolution $\gamma$ -spectrometry . . . . .	1969, XXII, 1
New bis(hexahydroxanthonyl) compound from <i>Penicillium oxalicum</i> . . . . .	1969, XXII, S20
New bufadienolide of <i>Moraea polystachya</i> Ker. and <i>M. graminicola</i> Oberm. . . . .	1972, XXV, 82
New toxic principle of <i>Homeria glauca</i> (Wood and Evans) N.E.Br. . . . .	1969, XXII, 186
Nickel, the determination of, on metal surfaces by prompt proton spectrometry . . . . .	1970, XXIII, 77
Nidulol (5-hydroxy-7-methoxy-6-methylphthalide), a metabolic product of <i>Aspergillus nidulans</i> (Eidam) Wint. . . . .	1968, XXI, 26
Nitrones. Part XII. Kinetic and mechanistic studies on the oxidation of cyclic nitrones and cyclic hydroxylamines by iron (III) chloride . . . . .	1972, XXV, 1
Nitrones. Part XI. Spectral studies on the oxidation of cyclic nitrones by iron (III) chloride . . . . .	1971, XXIV, 196
Nitrones. Part X. Tautomerism in cyclic nitrones . . . . .	1970, XXIII, 61
Nitrones. Part XIII. The oxidation of 2-methyl-1-pyrroline 1-oxides by iron(III) chloride . . . . .	1972, XXV, 85
Noble metals by atomic-absorption spectrophotometry with the carbon-rod furnace, the determination of the . . . . .	1972, XXV, 230
Non-destructive activation analysis of high-purity aluminium for uranium and some other impurities . . . . .	1968, XXI, 120
Non-destructive determination of the noble metals by thermal and epithermal neutron activation analysis using high-resolution gamma spectrometry . . . . .	1972, XXV, 254
Non-destructive neutron activation analysis of six South African standard rock samples utilising high-resolution $\gamma$ -spectrometry . . . . .	1971, XXIV, 113
Non-equilibrium: effect on retention times in open-tubular chromatography . . . . .	1971, XXIV, 217
Novel carboxyalkylations of purines by $\gamma$ -lactones . . . . .	1971, XXIV, 91

## O

Ochratoxin A in rats, the fate of . . . . .	1968, XXI, 87
Ochratoxin, the biogenesis of . . . . .	1969, XXII, S1
Oleanolic acid acetate and ellagic acid in <i>Melanthus comosus</i> Vahl., the occurrence of . . . . .	1968, XXI, 91
d-Orbital splitting, the effect of, on the metal-ligand frequencies of first transition period metal(II) complexes of acetylacetone . . . . .	1970, XXIII, 71
<i>Ornithodoros savingnyi</i> Audouin (1827), toxic component of . . . . .	1969, XXII, S142
Oxidation of cyclic nitrones by iron(III) chloride: spectral studies . . . . .	1971, XXIV, 196

## P

<i>Parinari capensis</i> . . . . .	1972, XXV, 109
Partial epoxidation of polyenes containing the 1,2-dimethylprop-1-enyl group . . . . .	1970, XXIII, 105
Pavettine, an alkaloid from <i>Pavetta lanceolata</i> Eckl. (Rubiaceae), the structure and synthesis of . . . . .	1968, XXI, 22
Pesticides: electro-reduction of dieldrin and aldrin . . . . .	1969, XXII, 57
Phenoxyalkanoic acid herbicides: degradation by soil micro-organisms . . . . .	1969, XXII, S71
Phosphine and thio-amide complexes of oxovanadium dichloride . . . . .	1970, XXIII, 184
Photochemical decomposition . . . . .	1971, XXIV, 13
<i>Phyllogeiton zeyheri</i> , some constituents of . . . . .	1971, XXIV, 159
Pigment from two different coloured strains of <i>Serratia marcescens</i> . . . . .	1970, XXIII, 197
Plate height calculations . . . . .	1972, XXV, 140
Platinum group metals in gold-bearing ores, the determination of . . . . .	1972, XXV, 268
Platinum metals, a general survey of the chemistry of the . . . . .	1972, XXV, 155
Polarography: electro-reduction of dieldrin and aldrin . . . . .	1969, XXII, 57
Polyenes, partial epoxidation of . . . . .	1970, XXIII, 105
Polyethylene . . . . .	1972, XXV, 44
Polyhydroxyanthraquinones from <i>Aspergillus versicolor</i> , <i>Aspergillus nidulans</i> and <i>Bipolaris</i> sp. Their significance in relation to biogenetic theories on aflatoxin B <sub>1</sub> . . . . .	1970, XXIII, 40
Polymerisation of ethylene under the influence of gamma irradiation. Part I. High pressure gas phase polymerisation. . . . .	1972, XXV, 44
Polysaccharide gum from <i>Brabeium stellatifolium</i> , acid hydrolysis of . . . . .	1971, XXIV, 103
Potassium selenocyanate, eliminations using . . . . .	1968, XXI, 82
Preparation of pure uniformly radio-labelled biuret- $^{14}\text{C}$ from urea- $^{14}\text{C}$ . . . . .	1972, XXV, 10

Pressure dissolution of platiniferous materials by the sealed-tube technique and the analysis of the resulting solutions .. .. .	1972, XXV, 244
Product of the thermal degradation of the adduct of bisphenol, a diglycidyl ether and <i>p,p'</i> -diaminodiphenylmethane .. .. .	1970, XXIII, 1
Proteins, high-sulphur, of reduced mohair .. .. .	1971, XXIV, 61
Proton accepting ability of $\pi$ -bases .. .. .	1968, XXI, 183
Proton spectrometry, prompt, the determination of nickel on metal surfaces by Pterocarpan .. .. .	1970, XXIII, 77
Pterocarpan 4-methoxy- .. .. .	1968, XXI, 159
Purification of a toxin component in the oral secretion of the sand tampan <i>Ornithodoros savignyi</i> .. .. .	1968, XXI, 159
Purines: carboxyalkylation by $\gamma$ -lactones .. .. .	1969, XXII, S142
Purines, pyrimidines and the peptide bond: hydrogen bonding with $\gamma$ -lactones .. .. .	1971, XXIV, 91
Pyrazolinium salts, structures of .. .. .	1972, XXV, 321
Pyridylazo dyes: synthesis of 4-(2-hydroxy-3-pyridylazo)phenol and 4-(2,6-dihydroxy-3-pyridylazo)resorcinol .. .. .	1971, XXIV, 155
<b>Q</b>	
Qualitative analysis of elements in solution, the use of alpha particle scattering for .. .. .	1969, XXII, 50
Quinolines, synthesis of 2,3-disubstituted .. .. .	1971, XXIV, 238
<b>R</b>	
Radiation initiation .. .. .	1972, XXV, 44
Radical precursors of acetaldehyde in the radiolysis of ethanol .. .. .	1968, XXI, 187
Radiochemical tracer technique for studying the decomposition mechanisms of transition-metal malonate complexes in solution .. .. .	1972, XXV, 17
Radiolysis: aliphatic alcohols .. .. .	1970, XXIII, 154
Radiolysis: correlation with mass spectrum .. .. .	1970, XXIII, 154
Radiolysis of aliphatic alcohols, application of mass spectral data to .. .. .	1969, XXII, 63
Rare earths, the determination of, and thorium impurities in nuclear-grade uranium products .. .. .	1969, XXII, 111
Rate of lead sulphide formation by the plumbite-thiourea reaction .. .. .	1972, XXV, 60
Relative electronic structures of a series of saturated and unsaturated $\gamma$ -lactones .. .. .	1972, XXV, 70
Reorganization reactions .. .. .	1972, XXV, 92
Retention times: effect of non-equilibrium in open-tubular chromatography ..	1971, XXIV, 217
<b>S</b>	
Salicylaldehyde, derivatives of, as liquid ion exchangers .. .. .	1970, XXIII, 129
Scattering of alpha particles, the use of, for the qualitative analysis of elements in solution .. .. .	1969, XXII, 50
Selective liquid ion-exchangers. II. Derivatives of salicylaldehyde .. .. .	1970, XXIII, 129
Senecio alkaloids. The biosynthesis of the necic acids .. .. .	1970, XXIII, 13
Separation by cation exchange chromatography .. .. .	1969, XXII, 29
Separation of Al, Fe and Ti from Ca, Mg and other elements by ion-exchange chromatography in malonate media .. .. .	1968, XXI, 93
Separation of elements .. .. .	1969, XXII, 29
Separation of non-volatile noble metals on cellulose, and application of the technique to the analysis of matte-leach residues .. .. .	1972, XXV, 198
Separation of platinum, palladium, rhodium and gold from ores and concentrates by aqua regia extraction and by high-temperature chlorination followed by acid leaching .. .. .	1972, XXV, 190
Separation of some noble metals from base metals by cation exchange chromatography .. .. .	1972, XXV, 214
<i>Serratia marcescens</i> , pigment from .. .. .	1970, XXIII, 197
Sex-pheromones of insects .. .. .	1969, XXII, S150
Sex-pheromone of the false codling moth <i>Cryptophlebia leucotreta</i> Meyr. (formerly <i>Argyroplote leucotreta</i> Meyr.) Synthesis and bioassay of <i>trans</i> -dodec-7-en-1-yl acetate and related compounds .. .. .	1970, XXIII, 9
$\beta$ -Sitosterol, isolation of, from <i>Phyllogeiton zeyheri</i> .. .. .	1971, XXIV, 159
Smith degradation, standardisation of, procedure .. .. .	1972, XXV, 115
Sodium amalgam with water, reaction of .. .. .	1970, XXIII, 57
Sodium: a selective method for the complete removal of sodium from activation analysis samples .. .. .	1969, XXII, 168
Sodium azide, influence of divalent cation impurities on thermal decomposition of .. .. .	1969, XXII, 139
Soil micro-organisms, degradation of phenoxyalkanoic acid herbicides by ..	1969, XXII, S71

Sorbic acid .. .. .	1969, XXII, S28
Soret coefficients: dilute solution for electrolysis .. .. .	1971, XXIV, 170
Spectra and structure of aceto- and benzoyl-acetanilide-boron trifluoride reaction products .. .. .	1968, XXI, 18
Spectral studies on oxidation of cyclic nitrones by iron(III) chloride .. .. .	1971, XXIV, 196
Spectrographic analysis of noble metals in solution .. .. .	1972, XXV, 275
Spectrophotometric study of the dimerisation of molybdenum(VI) in perchloric acid medium .. .. .	1972, XXV, 338
Spectroscopic constants of the perpendicular infrared fundamentals of mono-deuteromethane .. .. .	1968, XXI, 64
Spectroscopic data on cobalt malonate compounds .. .. .	1969, XXII, 175
Standard rock samples, non-destructive neutron activation analysis of, utilising high-resolution $\gamma$ -spectrometry .. .. .	1971, XXIV, 113
Staphylococcus $\alpha$ -toxin: its nature and mode of action .. .. .	1969, XXII, S92
Starch dextrans, molecular weight distribution of .. .. .	1971, XXIV, 177
Structural features of the gums of <i>Acacia podalyriaefolia</i> A.Cunn. and <i>Acacia elata</i> A.Cunn. Standardisation of the Smith degradation procedure .. .. .	1972, XXV, 115
Substitution, cine, of 3-aryl-cyclopropane-1,2-dicarboxylic acids .. .. .	1968, XXI, 144
Surfaces, metal, the determination of nickel on, by prompt proton spectro-metry .. .. .	1970, XXIII, 77
Synthesis of 3,3-diarylpropionic acids using phosphoric acid as catalyst .. .. .	1972, XXV, 31
Synthesis of 4-(2-hydroxy-3-pyridylazo)phenol and 4-(2,6-dihydroxy-3-pyridylazo)resorcinol .. .. .	1969, XXII, 37
Synthesis of 4-(2-hydroxy-3-pyridylazo)resorcinol, 4-(2-hydroxy-5-methyl-3-pyridylazo)phenol .. .. .	1968, XXI, 72

#### T

Tachrosin (=5,7-dimethoxy-8-[4''-(2'', 3''-dihydro-2'', 2''-dimethyl-3''-oxofuryl)]-flavone: a new flavone from <i>Tephrosia polystachyoides</i> .. .. .	1971, XXIV, 1
Tachrosinol from tachrosin .. .. .	1971, XXIV, 1
Tachrosin oxide from tachrosin .. .. .	1971, XXIV, 1
Tautomerism in cyclic nitrones .. .. .	1970, XXIII, 61
Teenstrydigheid in die fotolise van dioksalatosink(II) in oormaat oksalaat .. .. .	1969, XXII, 24
Termolise en katalise van nikkel-tetrakarboniel .. .. .	1972, XXV, 370
Theoretical electronic spectral analysis of octahedral uranium(IV) complexes .. .. .	1972, XXV, 349
Thermal and photochemical decomposition .. .. .	1969, XXII, 175
Thermal decomposition of sodium azide, effect of univalent cation impurities on .. .. .	1969, XXII, 139
Thermal diffusion of 1:1 electrolyte in ordinary and in heavy water .. .. .	1971, XXIV, 170
Thermodynamics of some binary liquid mixtures containing aliphatic amines, molecular interpretation of .. .. .	1972, XXV, 53
Thiazolo [3,2-a]pyrimidin-5-ones, formation of .. .. .	1969, XXII, 121
Thorium, the determination of, in nuclear-grade uranium products .. .. .	1969, XXII, 111
Tin collection scheme of analysis for the determination of the platinum-group metals, gold and silver, aspects of the development and application of .. .. .	1972, XXV, 166
Toxic bufadienolides from <i>Melianthus comosus</i> Vahl. .. .. .	1969, XXII, S119
Toxic component of <i>Ornithodoros savignyi</i> Audouin (1827) .. .. .	1969, XXII, S142
Toxic metabolites from <i>Penicillium oxalicum</i> .. .. .	1969, XXIII, S20
Toxic substances from <i>Aspergillus versicolor</i> .. .. .	1969, XXII, S35
Toxigenic activity of <i>Penicillium oxalicum</i> .. .. .	1969, XXII, S20
Transition elements, determination in sea water by atomic absorption spectro-photometry .. .. .	1971, XXIV, 96
Transition metal(II) acetylacetonates, metal-ligand frequencies of .. .. .	1970, XXIII, 71
Transition metal, 3d, complexes of 1,2-bis-(methylsulphonyl)-ethane .. .. .	1968, XXI, 8
Tricyclenal and borneol from <i>Asparagus thunbergianus</i> Schult. .. .. .	1971, XXIV, 87
Triksalato-yster(III)-ioon, fotolisekinetika van .. .. .	1969, XXII, 12

#### U

Ultraviolet spectra of monomeric molybdenum(VI) species .. .. .	1969, XXII, 198
Umbelliferone and an active principle from <i>Arthrosolen polycephalus</i> (Januari-bos) .. .. .	1968, XXI, 190
Unimolecular reactions in the gas phase. Part V. Application of the RRKM theory to the thermal isomerization of cyclobutene .. .. .	1971, XXIV, 46
Unimolecular reactions in the gas phase. Part III. Application of the RRKM theory to the thermal decomposition of methylenecyclobutane .. .. .	1970, XXIII, 172
Unimolecular reactions in the gas phase. Part I. Mechanism of the thermal decomposition of methylenecyclobutane .. .. .	1970, XXIII, 163

Unimolecular reactions in the gas phase. Part IV. Mechanism of the thermal isomerisation of cyclobutene .. .. .	1971, XXIV, 38
Unimolecular reactions in the gas phase. Part II. Vibrational frequencies of methylenecyclobutane .. .. .	1970, XXIII, 191
Unimolekulere reaksies in die gasfase. Deel VI. 'n Teoretiese behandeling van die termiese ontbinding van 3-chloro-3-metieldiasirien .. .. .	1971, XXIV, 205
Univalent cation impurities, the influence of, on the thermal decomposition of sodium azide .. .. .	1969, XXII, 143
Uranium(IV) complexes, a theoretical method for spectral analysis .. .. .	1972, XXV, 349
Uranium(IV) complexes, spectral analysis of octahedral halo-complexes .. .. .	1972, XXV, 362
Uranium products, the determination of impurities in nuclear-grade .. .. .	1969, XXII, 111
Uranium tetrahalides, complexes with large amide ligands .. .. .	1971, XXIV, 135
Uranium tetrahalides, influence of ligand properties on complexes of .. .. .	1971, XXIV, 149
Uranium, the determination of isotopic ratios of, by activation analysis utilizing high resolution $\gamma$ -spectrometry .. .. .	1969, XXII, 1
Urease: used to eliminate radio-labelled urea in reaction mixtures .. .. .	1972, XXV, 10

## V

Vanadium(IV): phosphine and thioamide complexes .. .. .	1970, XXIII, 184
Vibrational frequencies of methylenecyclobutane .. .. .	1970, XXIII, 191

## Z

Zirconium, the determination of Hf, ratio in various South African zircons by means of high-resolution $\gamma$ -spectrometry .. .. .	1969, XXII, 43
Zircons, the determination of Hf/Zr ratio in various South African, by means of high-resolution $\gamma$ -spectrometry .. .. .	1969, XXII, 43
